

LOCAL NEWS.

The funeral services of Captain James L. Neff, will take place on Saturday next, at 12 o'clock.

MARTIN ALEXANDER and a child of M. T. Sumption, have been dangerously sick, for some days.

Mrs. DOXTADEN's school closed Friday. She has kept a good school, and all are satisfied.

Mrs. NEKUPAN, daughter and son, who have been sick for several days with typhoid fever, are now all convalescent.

Marinda Hiatt will commence a spring school in district No. 8, near Lewis Heaston's, the first Monday in April.

JEROME HULL, Jr. died of consumption on the 19th inst. He went out in the hundred day's service and has never been well since.

W. Y. R. TOOKER has been building a nice paling fence in front of his nice residence, which adds very much to its beauty.

Former attorneys in attendance at Court—Wm. A. Peelle, Walter March, T. J. Sample, J. N. Templar and James A. Orr.

Tax small-pox has broken out one mile north of Harrisville, in this county. We trust that the people will be careful about its spread.

Circuit Court is in session this week—Judge Colgrove, presiding. There are forty-two State and fifty-nine civil cases set down for trial.

COL. H. H. NEFF is at home on leave of absence. He brought the remains of his son, Capt. J. L. Neff, who was killed on the 10th inst., home.

Mrs. BRUCE will accept our thanks for a large bouquet of flowers, from Dixie. She has just returned from Nashville, on a visit to her husband, Dr. Bruce, of the 142d Indiana.

CIRCUIT COURT is now occupying the Dague-Rein Car, at the corner of Main and Franklin streets, where he will be pleased to see all who desire first class Photographs, and all styles of Pictures. Call and examine. Satisfaction guaranteed.

MARTIN LUTHER, son of John F. Hunt, died of lung fever on the 21 inst., aged eight years and six months.

Suffer little children, and forbid them not, for of such is the Kingdom of Heaven. A blessed promise to the parent, who has lost a dear little one.

WITHDRAWN—J. B. Longenecker has authorized us to withdraw his name as a candidate for County Commissioner. He says he has no desire to run against Mr. McKew, as he is well satisfied with him. When he permitted his name to be announced, it was his understanding that McKew would not be a candidate.

MAPLE SUGAR—George Stevenson, of this county, made 2,500 pounds of maple sugar of the finest quality; his orchard contains about 600 trees. He is well prepared for the manufacture of sugar; he grains it in wooden troughs, about seventy pounds at a time. He expects to make 4,000 pounds this season.

WHEAT CROPS—The wheat crop at this early day gives promise of being good. Early wheat never looked better, late sowing looks sickly, as usual. We believe it is useless to throw away seed by late sowing, better use the ground for some other purpose, if you cannot get your crop in the ground in season.

UNCLE JO writes us from Neff that the people are rejoiced at the success of Sherman and Sheridan, and that the health of the settlement is good, and that the wheat crop is promising, and gives some excellent advice to farmers about sowing oats. He also speaks about Lumpkins and Thornburg doing a good business. The letter is well written, and we would like to publish it, but he failed to tell us who "Uncle Jo" was—Now we say to Uncle Jo, we will publish your letters if you will tell us who you are. This is an invariable rule.

TRAVEL—There is now more travel on the Bellefontaine railroad than ever known before. It is one of the most reliable roads in the North West. Its management has been committed to men of decided business talent. Its reliability has brought it a very heavy travel, besides its important connections with the West and North West at once point it out as the great thoroughfare from the East to the West. Steps are now being taken to com-

plete a line of road from Indianapolis to Danville, Illinois, which will form a direct connection with the Hannibal and St. Joseph road, making this one of the most important through roads in the West.

LIEUT. COL. A. R. MOCK, of the 9th Illinois Cavalry is now on a visit to his friends in this County. He has been on the recruiting service for one month in Illinois, and has recruited five hundred men. The Colonel is looking well. He went out as a private, and has gone up by regular promotion from Second Lieutenant to his present position, and is highly respected as an officer. We were glad to meet him and take him by the hand. Many will recollect him when he was reading law with Messrs. Brown & Cheney, of this place. We say success to the Colonel.

WHITE RIVER TOWNSHIP BOUNTY FUND.—The following exhibit of the township bounty funds received and paid out to this date is submitted:

Table with columns for Cash on hand in Sept. 1864, Cash paid in since that time, Paid for 23 men, Cash returned to State, etc.

The book containing receipts, expenditures and vouchers, can be seen at any time by calling at the Treasurer's office. Those interested will please call a meeting to receive and make some disposition of the funds remaining on hand.

HUNTSVILLE. The farmers have made the best they could of the present sugar season, but few have made more than they will want for family use. Some are finding ready sale in the store, at 20 cents per pound.

Johnson & Son are opening up their spring stock of goods. If their prices are as high as the market is deep, through which they had to haul them from Winchester here, we would advise their customers to bring what big pocket book along, when they come to trade, but they need not be alarmed, for gold is down, and no doubt the prices of goods are lower in Huntsville.

There is more sickness in some portions of this and some of the adjoining townships than has been known before by the oldest physician, in the last twenty years, in the months of February and March. Mumps, measles, scarlet fever, and some typhoid fever are the prevailing diseases. Some six miles south there has been as many as six interments in a week, from the ravages of scarlet fever. There were two interments here last week—a child of Fletcher Hunt, and a son of Edward Butler—the latter a young man about nineteen years of age, who reported to the last call of the President for volunteers, while lying at Indianapolis waiting for the 147th to be organized, was taken with mumps, came home, was attacked with typhoid fever, which proved fatal.

WASHINGTON TOWNSHIP. Timothy Hinshaw, who lives on the Richmond road near Show Hill, is just about completing a very fine farm house. Timothy has one son in the service, battling for the Union, under the stars and stripes.

Schools are nearly all closed in this township. A Hogston's closed last week; Anderson is a good teacher, and had a good school to teach. The Western fever still attacks, there being new cases here every week. Aaron Frazer and Zebulon Edwards want to go to Missouri.

JOEL BALES, formerly of the 19th Indiana, had a sale on the 18th inst. He goes to Minnesota. Joel was a good soldier and should go where he can do the best. The township will feel a loss in all of them, for Frazer was one of our best qualified teachers, and Edwards and Bales excel best citizens.

JOHN F. HUNT's family has been very sick. The wheat crop here is regarded as rather good, at the present time, but many express fears that it will not be as good as last year, but upon being questioned, their fears amount to this, that we seldom have two good crops in succession. Owens, Moore, Longenecker and Gordon, have all good wheat. This wheat was sowed very early. Every man that sows his grain early generally gets good wheat.

cherries must be alive, for all early fruit is late in blooming. Many here rejoice that Indiana is about to get two Cabinet officers out of the seven, Judge Usher, Secretary of the Interior, and Hugh McCulloch, Secretary of the Treasury. This shows a different estimate from the one made by Jeff. Davis on the Indiana boys in the Mexican war.

NETTLE-CREEK TOWNSHIP. The citizens of Nettle Creek are being tried in the furnace of the times, which try men's souls—but we feel confident of the purity of the material of which our township is composed. Knowing full well that there are currents and counter currents, by which we are driven far out of our course, and liable to be washed against hidden rocks, or wrecked in shoals and quick sands. With these views, a chart and compass, and eyes singly fixed on the beacon-light from the tower of our free institutions, shining with peculiar radiance over the nations of the earth, love ourselves to "strike till the love armed foe expires."

Our township has responded nobly to the different calls. The quota for the last call was seventeen—the large bounty was \$450 each, the aggregate amounts to \$7,650, which, in a short time was raised. Indeed it is said that our township excels those which would join themselves more loyal. Where is the township that has furnished more men and money for the cause of universal liberty than Nettle Creek?

John Wine, of the 9th Indiana cavalry, is at home on a furlough, minus his left leg, which he lost in the battle of Franklin, Tennessee. He will return to the front in about two weeks.

The maple sugar season is here, and those having orchards are improving the golden opportunity. The article which we have seen is splendid.

The sudden change of Thursday, the 9th, is proving very destructive to the wheat, in this vicinity. We have one dry goods store in Losantville, of which Wm. C. Hendricks is proprietor, and blessed to say, we have none of the "cover joy" filled yender in our town. The last vendor has left, pitching his tent in the State of Illinois.

Our town is destitute of a blacksmith, there is a large territory for a smith, there being no one within less than three to five miles.

Solonon Sist has sold his farm west of town, to John Snodgrass, for \$40 per acre, and purchased property in town. He will soon open out a grocery store.

Joseph Gollmer has sold his farm for \$10 per acre, to Mr. Davison, of Farmland.

William Poll has sold his farm to Miss Catharine Goelzer, of this township, and Poll and Goelzer leave soon for the State of Iowa. We wish them a happy future.

Stock looks well, for this season of the year, and is bringing high prices.

Our township is blessed with two attorneys, Wm. C. Hendricks and Nathan Brewer.

William Denny, son, probably the oldest man in our township, died Tuesday, the 14th day of March, 1865, aged 90 years. There is considerable sickness in this part of the county.

John D. Carter is always ready and willing to see old customers, and invite all the new ones who want Goods below cost; splendid Prints at 20 cts. Now is the time to buy Goods, they will go up again.

For fine Photographs, go to the Gallery of Cooper & Helms; they invite all to call and see specimens. We say by all means, get the pictures of your friends while they are alive, as life is uncertain.

We recommend every man and woman who goes to Union City, to go to Avery & Deem's. They are always glad to see the people whether they want Boots and Shoes or not, but they always keep these articles cheaper than any house in town.

We wish to say to those who desire to attend the Mount Zion School, that the citizens are making preparations to take boarders, and that boarding can be secured at from \$2 to \$2.50, by addressing the directors, at Winchester, or calling on them at their residences.

Tripp & Lawrence are fast getting a heavy trade; they are proving to be clever gentlemen, which will insure them a good business. Groceries and notions of the best quality kept. Produce taken in exchange. They invite all to call and see them.

Henry Lady & Co. are determined, that the south side of the public square shall have its share of business. They are filling up their house with a superb stock of Groceries, which they say shall be sold as low as at any other place. All kinds of produce taken in exchange.

Reeder & Weldy still solicit the patronage of the people. They have a large stock of staple and fancy Dry Goods, which they offer to the people on very reasonable terms at cost and below. They desire to sell off to bring on a spring stock.

We happened to be in the office of Messrs. Ross & Frazer, the other day, and noticed some of the finest specimens of Dental work we have seen in a long time. They are now doing the very best of work, and those needing any thing of the kind will do well to call on them. Their office is on the east side of the public square, Winchester.
